

## PTFE lined Dip Pipes/Feed Pipes

- **Specification**

- ❖ Our PTFE lined steel dip pipes and spargers are manufactured to the highest standards in the industry.
- ❖ All units are given extreme stress tests to validate their integrity and ensure long life.  
A broad range of options are available to meet your process requirements.
- ❖ These include diverters (to direct/gas flow away or towards vessel walls), Extended flares (to eliminate additional reducing flanges), spargers, Anti-Siphon Holes etc.
